

JC BORDELET

c r é a t e u r d ' h a r m o n i e

LIMITED WARRANTY

The warranty exclusively covers manufacturing defects appearing after delivery of goods from the distributor's warehouse.

The warranty covers:

FOR 5 YEARS – Every component included in the chimney.

FOR 1 YEAR – Ash grill / Deflector / Fireplace interior made of refractory bricks.

Door gaskets are not covered by the warranty.

EXCLUSIONS

The ceramic glass is not covered by the warranty as it is resistant to 750°C and the fireplace heat cannot exceed 400°C. Thus, any glass breakage can only result from wrong assembly, shock or inappropriate use of the appliance (example: using fuel other than cord wood).

Excluded from the warranty are any defects or flaws resulting from poor maintenance, mishandling or bad / inappropriate repairs. Also excluded for the warranty are appliances or accessories not supplied by **BORDELET INDUSTRIE** which have been added or adapted to its units.

The warranty does not cover damages resulting from shock nor those coming from wrong assembly, wrong installation or misuse of the appliance. Like every heating appliance, salt air from coastal regions or a very humid environment can bring some oxidation (rust) to the inside of the fireplace, especially in case of occasional use (ex : secondary residences). This can also lead to partial damages to the chimney conduit. Thus this warranty is not valid for damages resulting from these causes.

BORDELET INDUSTRIE is in any case not responsible for any indirect damages or coming from a handling accident.
