## THE NEW REAL FYRE CONTEMPORARY GAS INSERT

The new Real Fyre gas insert turns your fireplace into an efficient sealed combustion direct vent gas heater with the modern look and convenience of a contemporary gas fire. Two sizes fit most masonry and factory-built fireplaces. They include beautiful dancing flames, with your choice of glass media showcased in the reflective black porcelain firebox. An energy saving electronic ignition with battery backup will work even during a power failure. With the Fyrestarter hand held remote control, flame and heat adjustments, thermostatic operations, on/off accent light and full control of the quiet 125 CFM blower can all be done from the comfort of your easy chair.
